

Wayland, June 6th, 1860

Dear Mr. May,

66

I would not have asked for any more Tracts, if I had known your supply was so nearly exhausted. The Note I wished to append to the new edition was a statement of the date of emancipation by Sweden & Denmark, and also the number emancipated. But I have looked everywhere I can think of, without finding the information I want. So perhaps the next edition had better go to press, without the note. I am sorry, for I want it to be complete.

Enclosed is a note to Mr. Yerrington, which please deliver.

Very cordially your friend,
L. M. Child.

Mr. Samuel May.
